## Conferences

**Winston-Salem State University Computer Science Day 2007- 2009:** A yearly event held at Winston-Salem State University where the Computer Science Department invites CEO's from companies around the United States. The students then present projects to the CEO's and have informational workshops held by the different companies. This event is used to help network with the companies that come to the university, and help develop an oral and written professional presentation experience.
