LONG-TERM GOALS {BOLD, ALL CAPS}

Briefly identify your top-level goals within which your effort exists. *{no paragraph indenting, use blank lines to separate paragraphs}*

OBJECTIVES {BOLD, ALL CAPS}

Scientific or Technological Objectives of this effort.

APPROACH {BOLD, ALL CAPS}

Describe your proposed technical approach. Briefly identify the key individuals participating in this work, other than the team members, and the roles they play.

WORK COMPLETED {BOLD, ALL CAPS}

Actual Tasks completed or Technical accomplishments.

RESULTS {BOLD, ALL CAPS}

Describe meaningful technical results achieved in the report fiscal year. Make the significance clear. Emphasize what was learned, not what was done. This should be a summary of significant results and conclusions, and, especially, any "new capabilities" generated.

IMPACT/APPLICATIONS {BOLD, ALL CAPS}

Potential future impact for Science and/or Systems Applications

TRANSITIONS {BOLD, ALL CAPS} (*omit this section if there are none*)

What are your recommendations for continuation of this study. List variables to be added or conditions that should be studies should this project be continued.

RELATED PROJECTS {BOLD, ALL CAPS}

If 'None', so state. Identify closely related projects and briefly describe the nature of each relationship (include web links as appropriate/available).
